# FIELD PROVEN.

## Prime Advantage

Based in Edmonton, Alberta, Canada, Prime Well Service Instrumentation services the North America market for controls & data acquisition products for frac & coiled tubing among other well service equipment.

Prime is a subsidiary of KATT GmbH based in Germany. KATT is the mother company of the group that also includes manufacturing of upstream oilfield equipment (GOES), well stimulation services (Tacrom Services) as well as drilling services (Tacrom Drilling).

This comprehensive understanding from manufacturing to the field has provided valuable insight throughout the development of our controls.

Our products are field proven and it shows!

## Frac

Frac, where we really shine! Prime delivers field proven controls for blenders, hydration units, chemical units (C6), pumps and datavans. Our frac controls have been in the field for over 10 years and we have received valuable feedback directly from the operators. It is that feedback that has steadily improved our product. Full blown automated tub level control for blender along with stage configuration, allows for simple operation. Built on the Siemens platform, Prime also provides redundant panel mounted manual controls ensuring that you'll never be at the mercy of the onboard PC or monitor.

# COMPLETE CONTROL.

## Coiled Tubing

Prime has a comprehensive offering for coiled tubing. Whether you require controls for your fluid pump and N2 unit or need tubing analysis & fatigue software, Prime has you covered. When combined with our easy-to-use DMS software you'll be in complete control while on the job!

## Well Service

We're not all about coil & frac. Prime supplies controls and data acquisition systems for Hot Oilers, Pressure Trucks, Mixing Plants, Pump Down Units and just about any other application that you can imagine. Feel free to contact us to learn more about how we can help you simplify your operation.

# INDUSTRY LEADING.

## DMS Software

Our DMS (data acquisition) software makes life easy! Unlimited configurability, simple job reporting & resolution independent software are just some of the features that people come to love. Did we mention that you can provide your own PC or laptop? That's right, you are not required to purchase computers from us and because the software installation is so easy it can be installed by anyone on virtually any PC. How's that for simplicity? Rest assured that in the event of a computer failure, you'll always be able to get through your job.

## Prime 360

Prime offers an industry leading 3 year, bumper to bumper warranty on all hardware that we manufacture. When combined with our 24/7/365 support you can sleep easy knowing that you're in good hands. Contact us today to learn more about how Prime can help your business!
